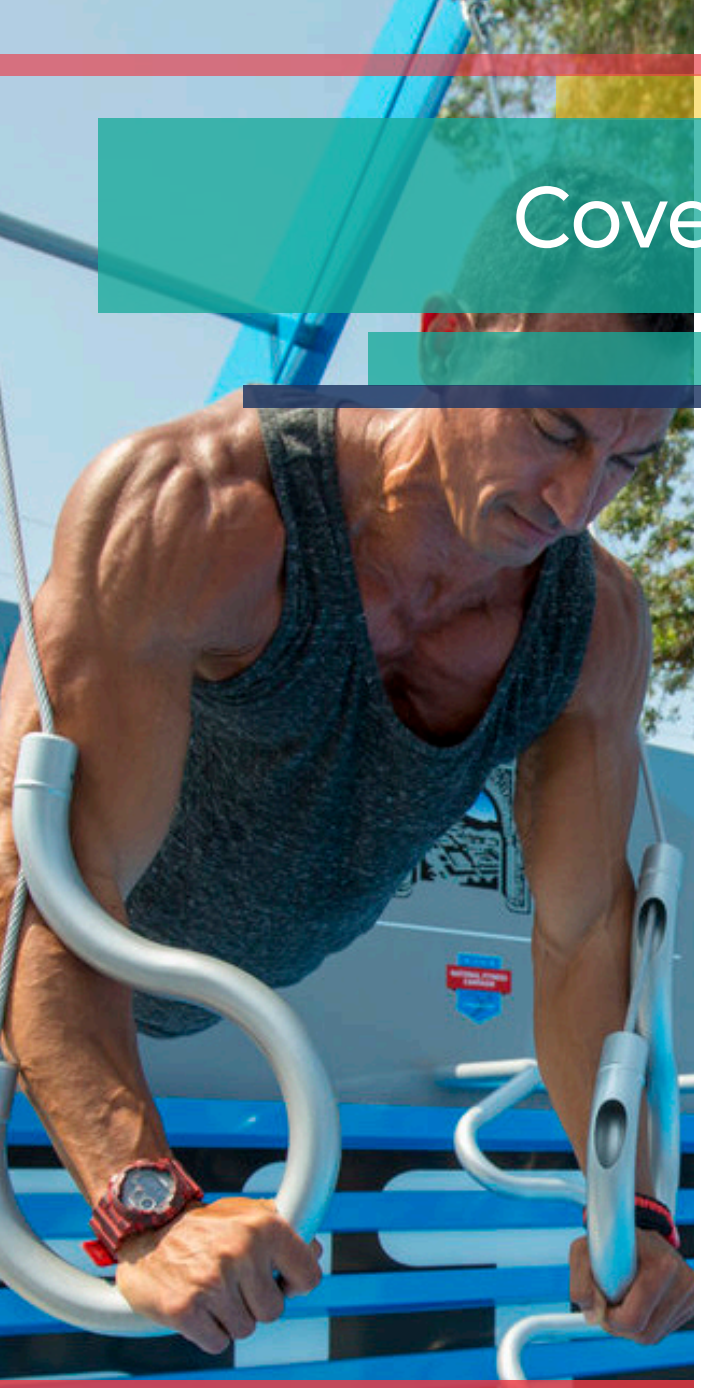
Cover Close-Up



The City of Escondido was selected by the National Fitness Campaign (NFC) as one of 200 locations nationwide to open the world's best free outdoor gym — the Fitness Court®. The Fitness Court is an outdoor bodyweight circuit training system that provides a full-body workout to people of all ability levels. With 7 functional fitness zones, the Fitness Court can be used in thousands of ways. On top of that, we are thrilled to announce that we have been designated the first Model City in the region, which means we will be installing five fitness courts throughout Escondido, and will be part of a greater network of Fitness Courts across the County and Southern California. The National Fitness Campaign is one of the fastest-growing outdoor health and wellness networks in the country, now operating in over 75 cities and colleges across the Nation. By the end of 2020, the program will be thriving in over 400 communities across 40 states.

Escondido's first Fitness Court, pictured on the cover, is located at Mountain View Park. Although the Grand Opening Launch is delayed, the Fitness Court is expected to open to the public later this summer. The Fitness Court's 7 Station design allows safe distancing while you exercise. Staying healthy and strong is more important now than ever, and we look forward to welcoming everyone back outdoors safely with this new program. Over the course of the next two years, the City has plans to open four additional Fitness Courts in parks throughout Escondido highlighting our commitment to being a health and wellness hub.

In addition, the Fitness Court App features an extensive library of individual workouts from world class trainers guiding users through routines for all ages and ability levels. These programs will support individual usage, and these solo routines will be expanded in the post COVID-19 world for the community. Download the App at recreation.escondido.org/fitness-court.aspx

If you are interested in taking part and becoming a Fitness Ambassador, please visit nationalfitnesscampaign.com/ambassador to register or contact Tyler Lockwood at 760-839-4382 for more information. We look forward to you joining a network of trainers and wellness experts as we encourage healthy lifestyles throughout our community.

Renegade Aquatics Swim Program

The Renegade program has partnered with the City of Escondido to promote the sports of swimming and water polo in a safe, friendly, and educational environment. The experienced coaching staff will focus on technique and skill development, help the athletes improve, and introduce them to competition at meets throughout San Diego county and southern California. There is a wide range of practice groups, from the beginning novice level to the elite high school competitive athletes.

Participants have the option to swim at either the Washington Park pool (501 North Rose Street) or the Boys & Girls Club (835 West 15th Avenue). The teams practice year round, and both pools are heated during the colder months.

For additional information on the Renegade programs, including practice times and fees, please visit the team website at www.renegadeaquatics.com.

Escondido Yesterdays

This photograph of the interior of the Escondido, Santa Fe Depot was taken in 1912. Standing center is Clarence (Cal) Ashleigh, Telegrapher; to his left is Whitman Eddy, Station Agent's Helper. Seated is Station Agent, William W. Carpenter The fourth man on the far right remains unidentified.

One of the few original train stations still standing in San Diego County, the Escondido Santa Fe Depot is now part of the Escondido History Center Museum Complex in Grape Day Park. This image was used to help with the Depot interior restoration after the building was moved to the park in 1984. Most of the furnishings seen in the photograph have been replicated in the current Depot exhibit. The map cabinet on the back wall in the photograph, however, is the very same that stands today in our museum.

The Santa Fe Depot is open to the public every Saturday from 1-4pm.
